ABOUT THE FORUM

Who Should Attend?

This Forum is designed to be an interactive experience for SI member executives who have a stake in the emerging healthcare environment based on coordinated and Accountable Care including the information technology requirements.

Forum Goals & Format

- A consistent theme at SI is to feature industry leaders, highlight successful practices and provide actionable takeaways for Forum participants.
- SI Forums are intimate sessions, designed for executives from all functional areas who will benefit from peer collaboration, information sharing and networking.
- Our platform is participation as well as presentation, so come prepared for relaxed, informal and highly interactive sessions with industry authorities and senior management teams from leading US health systems.

Attire: Business and Business Casual

Forum Design & Objectives

- Gather insights on the latest models and tools for launching Accountable Care Organizations (ACOs) and related coordinated care initiatives.
- Compare strategies to address quality-of-care requirements under reform.
- Discuss coordinated care and Accountable Care's implications for IT and Informatics.
- Share insights with members, sponsors and other national leaders during open-panel discussions.
- Interact throughout the meeting with executives from leading healthcare systems.

- Participate in tours and interviews with leaders at Regenstrief Institute, Indiana Health Information Exchange, Central Indiana Beacon Community Program and St. Vincent Health/Ascension Health.
- Discuss issues and solutions in an interactive, interdisciplinary and informal setting.
