

Glenn Wasson
Administrator of Analytics
UVA Health System

Glenn got his PhD from the University of Virginia in 1999 and went on to work in a number of data-centric problem spaces including computational chemistry, gigapixel imagery and energy distribution. Currently he is the Administrator of Analytics and Performance Measurement for the University of Virginia Health System. That means he's focused on curation, analysis and discovery using the enterprise's data. He's all about delivering insight into the operational workflows of clinicians.
