

The [Scottsdale Institute](#) (SI) is a not-for-profit membership organization of prominent health systems aimed at achieving clinical integration and transformation through information technology.

SI [members](#) are 50 advanced, not-for-profit health systems and academic medical centers committed to sharing best practices. Senior executives cultivate relationships as their organizations collaborate on IT-enabled performance improvement in ways that facilitate interaction and collaboration.

## TELECONFERENCES

A convenient and cost-effective learning environment for SI members:

- » 90+ content-rich teleconferences annually delivered by industry thought leaders, top executives and IT innovators
- » 15,000+ member associates attend teleconferences annually on strategic healthcare topics, and how IT, informatics, data integration and analytics enable results
- » Recorded audio sessions for access at any time

## ANNUAL CONFERENCE

Annual education and networking event targeted to C-Suite teams (CEO, CIO, CCO and others) to discuss the intersection of Strategy and IT:

- » Exclusive Panel format to foster dialogue and experience sharing
- » Intimate, casual networking environment to enable cross-market collaboration
- » Mix of industry experts from provider, payer, government sectors to yield breakthrough results

## PUBLICATIONS

Easy-to-read, comprehensive and compelling mix of content and news:

- » *Inside Edge*—featuring analyses, overviews and interviews with healthcare IT leaders
- » *Viewpoint*—Q&A with health system CEOs and other visionaries

## HEALTH IT BENCHMARKING

Creates normalized comparisons of IT and security expenses and staffing with other health systems:

- » 80+ leading systems, representing 900+ hospitals and 13,000+ ambulatory facilities
- » Access to complete anonymous database
- » IT organization charts
- » Custom cohort reports
- » Personal contact sharing and networking

## AFFINITY GROUPS & COLLABORATIVES

Key interest groups share best practices, lessons learned and solve problems, coming together based on common titles (CIO, CISO, CMIO, CNIO) or common functions (Pop Health, Analytics, Digital Health) and convening in a variety of ways:

- » Peer-led conference calls
- » Site visits
- » Online forums
- » Teleconferences
- » Face-to-face executive summits
- » Ad-hoc task groups
