

Timothy R. Zoph, CHCIO

Client Executive and Strategist

Mr. Zoph is a healthcare leader, technologist and teacher with over thirty years of experience. He recently served as a Senior Vice President and CIO for Northwestern Medicine. In addition to his technology leadership role, Tim had executive responsibility for the Facility Design and Construction team. He is also recognized for leadership development through a decade long commitment to CHIME's CIO Bootcamp as Program Director and Faculty. Tim is the recipient of the John Gall CIO of the Year award in 2003 and was named the 2008 CIO of the Year by the Executives' Club of Chicago along with the Association of Information Technology Professionals. He received the Legacy Award from CHIME in 2014.

SKILLS AND EXPERIENCE

EXECUTIVE LEADERSHIP

- Served as a Senior Vice President of Administration for Northwestern Medicine and CIO for 20 years responsible for technology strategy and delivery of information systems which led to Northwestern Medicine's rise to a \$5B integrated academic center recognized as a national leader for quality care. Through his technology leadership, Northwestern Memorial Hospital has been awarded one of the 100 Most Wired Hospitals for 12 years. He led the technology consolidation strategy for Northwestern Medicine's alignment with Lake Forest Hospital and Cadence Health. Since 2010, Tim was assigned the added senior executive responsibility for leading the Facility Design and Construction team and Enterprise Project Management Office enabling the design, build and activation of over \$1B of new facility projects.
 - Responsible for the recruitment, development and growth of a 350-member Information Services team with annual capital/ operating budgets >\$100M.
 - Acquired and installed over 300 information technology systems including Cerner and Epic.
 - Achieved operating excellence in Information Services through adoption of COBIT/ ITIL operating standards, HITRUST security frameworks and ongoing performance improvement/ cost reduction programs.
 - Consolidated and simplified technology architectures for two significant health system affiliations: Lake Forest Hospital (2010) and Cadence Health (2012) .
 - Built an Enterprise Project Management Office serving information technology, construction and all departmental capital projects >\$500M/ 100 projects annually.
 - Senior Executive accountability for the planning, design and construction >2M square feet of new facility projects including inpatient, diagnostic, clinic and new ambulatory care centers since 2012. In his CIO tenure at Northwestern Medicine, Tim led the technology infrastructure design, implementation and activation of >4M square feet of new healthcare building projects.
- Served 9 years at a leading teaching hospital in Milwaukee as an Assistant VP/ CIO for information technology and other support services areas enabling significant advancement of the hospital and regional medical center.

OTHER PROFESSIONAL EXPERIENCE

- Serves as a Member of the Advisory Board to the leading healthcare technology vendor research firm, KLAS, partnering with healthcare professionals to create a powerful voice to help change the industry and to create a community of transparency about vendor performance.
- Serves as a Senior Executive Lecturer at Northwestern University's Kellogg School of Management committed to educating, equipping and inspiring leaders to build strong organizations and wisely leverage the power of markets to create lasting value.
- Trained over 875 emerging technology leaders as Program Director and faculty member of CHIME's CIO Bootcamp from 2003-2013.
